- Git, GitHub
- Relational Databases, SQL, Postgres
- API, JSON & Scraping

INTERESTS

PERSONAL PROFILE

I graduated from Herts Uni with a first-class degree in business and finance but lacked passion for the subject, I found it instead in web development. So I attended Le Wagon where I learned the fundamentals and beyond of programming, and got comfortable with some of the main web dev tools and languages. Now I'm looking for a front or back end role where I can continue my learning with the eventual goal of becoming a fullstack developer

WORK EXPERIENCE

Volunteer
Isabele Hospice | Feb 2020 - Dec 2020

Roofer
Cheshunt Roofing | Jan 2010 - Jan 2019
